What is an IT Support Career?

An IT professional provides technical assistance to computer users by answering questions and resolving computer problems in an organization. IT professionals work with both hardware and software to keep the most critical functions of a company operating and constantly improving.

Fast Facts

Average Salary
$52,690 (U.S.)

Job Growth
Estimated 5% - 10% growth in the next 10 years.

Link to Apply

Program Timeline

IT Support Fellowship courses are held fully online, with support and additional instruction from ASU faculty.

- Technical Support Fundamentals
- Computer Networking
- Operating Systems and You: Becoming a Power User
- System Administration and IT Infrastructure Services
- IT Security: Defense Against the Digital Dark Arts
- Privacy, Ethics, and Compliance

To apply the skills learned in this program, **IT Support Fellows** will be reviewed by employer partners for an 11+ week part- or full-time paid employment experience. This has the potential to lead to a permanent IT position.

Program Cost

$25 registration per course*, $400 per course to convert to ASU undergraduate credit.

*If eligible under AZNext, training may be offered at no cost.

Admission Requirements

Participants must be:

- 17 years of age or older
- A high school or GED graduate
- Eligible to work in the U.S.
- Interested in a technology career
- Able to commit to part-time or full-time work during or after program completion for hands-on experience
